Dear Congressman Johnson:

In response to your recent inquiry, the cost of the United Nations military action in Katanga is a part of the overall cost of the United Nations military operation in the Congo. The United Nations General Assembly has authorized the continuing costs of this operation from its inception in July, 1960 up through June, 1963 at an amount not to exceed \$10 million a month.

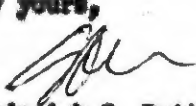

During the first two years (July, 1960 through June, 1962) the costs were financed from assessed and voluntary contributions from member governments. Beginning in July, 1962 the costs are being financed from the proceeds of the United Nations bond issue. Further financing arrangements -- to apply after the proceeds of the bond issue are used up -- will be considered by a session of the General Assembly which is scheduled to convene in May or June of this year.

During the first two years the total cost of the Congo military operation was \$240 million and the United States contributed \$114.5 million, or 47.70 percent. The amount contributed includes \$10.3 million which was the cost of the initial airlift of troops and equipment into the Congo which the United States furnished the United Nations on a non-reimbursable basis.

With respect to the bond issue the United States is authorized to purchase an amount equal to that purchased by other nations. As of January 1, 1963 a total of \$148.8 million had been purchased or pledged, including the \$74.4 million purchased or to be purchased by the United States. The bond issue is to be repaid with 2 percent interest over a 25-year period from the regular budget of the United Nations of which the United States is assessed 32.02 percent.

I hope that this information will be useful to you. Please let me know if I can be of any further assistance.

Sincerely yours,

Frederick G. Dutton

DATE: February 8, 1963

FROM : H - Mr. Leahy

SUBJECT: Reply to Representative Harold T. Johnson (Calif.)

The Office of Representative Harold T. Johnson (Calif.) has asked for a letter in response to an inquiry by a constituent setting out the cost to the American taxpayers of our attempts to put down the Katanga secession. I informed them that this would be reflected by our contribution to the UN for the Congo operation. They stated that this would be entirely satisfactory.

Will you kindly address a letter to Representative Johnson saying that "In response to your inquiry of this date" etc. and state the amount of our contribution to the UN-Congo operation plus any itemized military expenses for airlift, etc.

CONTEL 1469.

In talk with Ileo today, we raised question of last night's incident in which ANC shot two Katangan policemen, killing one. Ileo did not seem greatly upset by occurrence. However, he reacted positively to suggestion that mixed patrol be dropped and public order revert to Katangan police which we advanced as personal thought. He stated only amendment would make would be to request UN for services of Company of Nigerian Police. Nigerians could accompany Katangan police on rounds. Their presence would obviate necessity for Katangan police to be armed and would reduce possibility of abuses by Katanga police against Tshombe opponents. Ileo felt he would otherwise be overwhelmed with petty complaints of discrimination from Balubas and other minority groups. He said he intended make this proposal to Gen. Kebede and to Sherry this afternoon. We believe idea of dropping joint military-Katanga police patrols and replacing them with patrols composed UN Nigerian or other police plus Katangan police constructive resolution present problem, should be given full backing whether or not Ileo advances it officially.

Possible if Nigerians not willing cooperate that French speaking North African country might make MP or regular police company available Katanga duty. Eventual tie-in with police

Dear Mr. Davenport:

It was thoughtful of you to send me a copy of your well-written article on the Congo. I read it with interest and appreciate your generous reference to me personally. I only regret that I was not able, in our meeting, to persuade you to our point of view.

I believe that, when the dust settles and the incidents of the Congo story recede into a more balanced historical perspective, it will become more evident that the United Nations made a real contribution to maintaining peace in a vital cold war issue. The United Nations was invited into the Congo by the Congolese Government. By its presence, a dangerous confrontation between the United States and the Soviet Union was avoided. The end of Katangan secession, precipitated by a man who clearly did not enjoy the support of the majority of his own province, was achieved with remarkably little bloodshed and with little damage to the mining installations there.

We really came out better than we had a right to expect. It is our hope now that Americans will close ranks and will support the important nation-building task ahead of us in the Congo.

With every good wish,

Sincerely yours,

Dear Mr. McGhee:

I have been meaning for some time to thank you for the courtesy which you extended to me in Washington some months ago when we talked over the Congo-Katanga situation.

I am afraid that the enclosed is poor recompense for the time which you and your staff gave to me since it does disagree with U.N. and with U.S. past policy.

But however that may be, let us hope for better times ahead.

SUBJECT: Future Financing of UN Peacekeeping Operations

REF :

Action addressee posts should anticipate receiving instructions to approach host governments at high level on the problem of future financing of UN peacekeeping operations. Supporting financial data on the UN military operation in the Congo (UNOC) and the UN Emergency Force in the Middle East (UNEF) is contained in the attachments to this airgram.

In the past, almost 90% of the UN membership has secured relief from the regular assessment rate which would have applied to the Congo and Middle East budgets. Only because of large U.S. voluntary contributions -- in addition to our regular assessments -- has it been possible to give this relief and still finance these operations. To illustrate the relief given, of the 110 UN members, 42 countries have a regular assessment rate of .04%. These countries would have paid \$35,900 for their Congo and UNEF assessments for the first half of 1962. Instead, the amount was reduced to \$7,180. Proportionate reductions were made for 43 additional countries who were recipients UN Technical Assistance and 4 additional countries received 50% reductions. Thus, no less than 89 member governments, were excused from 50% to 80% of their assessments to these vital peace and security operations.

For the period up to June 30, 1962, UNOC and UNEF costs were financed from a combination of assessed and voluntary contributions made to the UN by member states. The proceeds of the UN bond issue are being used to pay the costs from July 1, 1962 to June 30, 1963. Methods for financing these operations beyond June 30, are to be recommended by March 31 by a Working Group of 21 countries (now meeting in New York) to a Special Session of the General Assembly to be called for this purpose in May or June. (For the membership of the Working Group see attachment 1.)

After Cleveland meeting with SYG today, Godley saw Rikhye alone.
Rikhye's views reported this telegram should be considered as
given to Godley in confidence.

Rikhye gave Godley preview of his recommendations to SYG on
UN force levels. Force would be down to 12,000 by end April and
10,000 by end June. Rikhye estimated latter figure would
reduce UN expenditures in Congo to one-half of present level.

Phase two of UN force reduction would take place on still un-
determined date. Would depend on order having been established
in Congo and ANC retraining commenced. Kebede believed this
phase could begin January 1, 1964. Godley and Rikhye agreed
hopefully that it might occur on October 11, 1963. This phase
would call for reduction of UN force to 6,000 men. Rikhye
estimated that this force would require 10 percent more ex-
penditure than UNEF or \$3-1/2 to \$4 million per month.
Rikhye believed this force should be based in Kamina and
Kitona, while Kebede was recommending Kamina and Leopoldville.

Rikhye confirmed that about 600 Indian administrative
personnel would remain in Congo after departure of Indian
combat troops. He also believes it should be possible obtain

Send French-speaking Indian officers from Pondicherry to assist in ANC retraining. However these would have to be employed under UN contract and paid by UN. Godley said he thought other countries providing training pay own expenses.

Rikhye reiterated view expressed in earlier meeting that Israelis might assist in police or medical training or in civic action (CCC type activity).

Godley urged that UN troops be sent Dilolo soonest, suggesting for this purpose one company of Swedes or Irish. Rikhye said he would be talking to SYG today about this. He said Kebede was reluctant make this move because he would have to replace such troops with Ethiopians from Manono or Stanleyville, which he unwilling do, believing they required there. Rikhye asked Godley's opinion whether it necessary retain one battalion Stanleyville or whether UN presence there would suffice. Godley said in his opinion UN presence sufficient when compared with needs in Kasai and potential needs in Kivu.

Accompanied by Plimpton and Yost, Buffum and Godley gave Bunche special briefing today on results Cleveland mission. Present with Bunche were Amachree, Rikhye, Ahmed, Rolz-Bennett and Urquhart.

In addition to outlining in general terms conclusions of report Buffum presented general picture of Congo situation as seen by team, while Godley described internal Congo political situation. Briefing was clearly instructive to U.N. group but elicited little important new information on U.N. plans and thinking. Bunche, who only one of group who could have provided authoritative statement of U.N. policy, preferred on this occasion to limit self to asking occasional questions, frequently leaving to other members of U.N. side task of answering our questions. Bunche's reticence was no doubt at least partly due to size and composition of his group. Meeting nevertheless produced some interesting views on part U.N. which are reported below.

1. ANC training. Bunche said Gardiner was still awaiting letter from Adoula setting forth GOC views on procedures to be followed, participating countries and nationality of commanding officer of training group. Gardiner still hopes receive letter prior Adoula departure for Brussels.

Dear Ros:

I would appreciate it if you would pass on to Secretary Zuckert the following extract of a recent message sent to us from Africa by Assistant Secretary of State G. Mennen Williams:

"The role of various US Air Force elements since the beginning of the UN operation in the Congo has been truly impressive. Their work has been as essential to the solution of the Congo problem as the airlift was in the Berlin situation of some years past. It has not been as publicized because it was a long way away but it has been just as dramatic. Only through the dedicated contributions of so many officers and enlisted men have we been able to do the job. We are indebted to them."

We share Governor Williams' views. I think that this performance is all the more remarkable in light of the fact that it was accomplished without the loss of a single life or a major aircraft accident during more than fifty thousand hours of flying time.

Sincerely,

U. Alexis Johnson

Incident in Kapanga (Elisabethville's 1429 and 1425) reminds us of need to focus on problem of sizeable Katanga gendarmerie force at large in Katanga and prospect of increased brigandage particularly following departure of elite Indian brigade end of March. UN here and New York must not allow this situation to drift while there are still means to cope with it. Am not confident Irish and Ethiopians or ANC can do necessary job after Indians leave.

① Ideally following schedule should be followed:

1. UN-ANC registration, with cooperation of General Muke, should be speeded up and completed by March 5, deadline date after which GOC says non-registered gendarmes will be regarded as renegades. This deadline should be further advertised and adhered to.
2. Between March 5 and Indian departure at end of March, Indians should be instructed to take lead in mopping up renegades, in incorporating ANC and other UN troops in process.
3. Oath taking by remaining Katanga officers should be expedited, using Muke if he continues cooperate.
4. Accelerate entry of ANC prior to March 30 and train them

them to take over increasing responsibility to maximum practicable extent and in conjunction with remaining UN troops.

Not clear UNOC officials here how and under what authority gendarmes such as those at Kapanga were paid by Muke. Would like to be satisfied that whenever such payments are made, they are done with full knowledge and consent of Mobutu and GOC.

Slow arrival of unoriented ANC into South Katanga will probably not satisfactorily fill partial vacuum created by departure of Indians and Tunisians. ANC temptation to mop up in only way they know (burning and pillage) likely to aggravate situation if Indians do not clean up gendarmerie pockets and remaining arms. There will otherwise remain danger that die-hard secessionists may hope keep gendarmerie semi-orderly until end March by continued payment and Muke control and then with triumphal return of Tshombe try to precipitate another secession try.

Intend taking above suggested line soonest with Gardiner, who preoccupied with ECA conference but who must be reminded of dangers of allowing this situation to drift. Suggest USUN may wish take same line with UN Secretariat with view to stimulating instructions UNOC for mopping up, tidying up operation suggested above.

According ARMAS account of recent military action in Elisabethville/Jadotville/Kolwezi area, he very much of opinion that predominance of one country personnel (Indian) in key points of chain of command made success possible. Personalities concerned were Indian ONUC chief staff, Chief logistics officer, planning officer, Katanga sector commander, Brigade commander and three first rate battalion commanders with supporting troop commanders. Plan of action from onset carefully placed Indian troops in critical spots. They took Karania compound routing Katanga gendarmerie HQS and largest Katanga gendarmerie troop concentration in area. They softened Simba hill and passed Irish through to enter Kipushi while they changed axis of advance to clear northern and western perimeters on Elisabethville. They then took Jadotville and continued into Kolwezi.

The major lesson to be learned from such an operation seems to be that a uni-national military operation achieved more success in the Congo than previous multi-national efforts in September and December of 1961. This can be attributed to

to common purpose, common staff procedure and mutual confidence. Accordingly, from solely military viewpoint see no objection to designation of Ethiopian commander for Elisabethville sector particularly with Ethiopian now as force commander. Do see objections to Swedish commander unless Swedish troops in immediate Elisabethville area. (We not satisfied for that matter with Irish troops if Jadotville/Kolwezi sector for; 1, their lack numerical strength and 2, the uncertain national instructions under which they operate which contribute to lack of commutiveness. Thus we hesitate advocate Irish commander for Elisabethville of which there presently two excellent in Congo).

With respect national contingency composition of ANC retraining group, we not aware that Adoula has accepted UN proposal for inclusion of EUR neutral and African country although we concur this desirable. Awaiting instructions requested in EMBTEL 2105.

Brigadier Noronha today told us that GOC agreement to place ANC under UN command was for duration of three months. Said main utilization of ANC in initial stage and purpose which finally sold plan to Adoula, was use ANC companies working with UN to hunt out and disarm gendarmeries still remaining in bush. General Prem Chand who also present stated Swedish army company now in Sandoa were gradually repairing bridges on roads south to Dilolo, should reach there for permanent stationing within six weeks, said he felt it more unsettling to put unit in Dilolo and then withdraw it for lack of logistic support than to await completion of bridges.

FROM WILLIAMS.

In call on Gardiner afternoon February 14 I opened conversation by expressing deep gratitude at work he had done. I noted that in future while kinds of pressure which we have been working under in past will be somewhat relieved, there still remain many problems. Gardiner agreed that we do not have same form of military problem in Katanga but work must be finished, gendarmerie integrated into ANC and ANC introduced into Katanga. He explained that UN was under great pressure from all quarters as for example, some weeks ago Belgians telling him that if one ANC entered Katanga all Belgians would leave. He pointed out that for 42 days he had been giving Adoula reasons of UNNY why ANC could not be introduced into Katanga but that UN now prepared to move the battalions there. Gardiner thought that objections to ANC presence in Katanga were about 60 percent propaganda; he was certain there would be no repetition of Kongolo or Kindu. Remaining 40 percent was problematical risk which he thought could be overcome if ANC battalions in Katanga could be controlled. He pointed out that UN obviously at no point was going to fight ANC to stop it from moving to Katanga but complained that in some quarters it was firm belief all UN has to do to get Adoula agreement was to tell him what was expected. After I told him of Department's views of ANC presence in Katanga Gardiner talked at some length of extreme difficulties

SUBJECT REPORT IS OBVIOUSLY CAREFUL AND THOUGHTFUL ANALYSIS, PRODUCING AND BRINGING TOGETHER MANY IMPORTANT FACTS AND OBSERVATIONS, AND MUST BE CONSIDERED IMPORTANT CONTRIBUTION TO FUTURE POLICY MAKING. CLEVELAND IS TO BE COMMENDED ON LEADERSHIP IN THIS MATTER.

RECOMMENDATIONS OF REPORT, I AM CONVINCED, ARE APPROPRIATE AND SOUND. I WOULD ADD, HOWEVER, FEW OBSERVATIONS AND RECOMMENDATIONS MOST OF THEM BY WAY OF EMPHASIS AND NONE IN DISAGREEMENT.

FIRST, I WOULD EMPHASIZE, AS REPORT RECOGNIZES, THAT REPORT AND RECOMMENDATIONS ARE PRINCIPALLY CONCERNED WITH LONG RUN FUTURE. THERE IS STILL ACUTE POLITICAL PROBLEM WITH SHORT RUN AND URGENT IMPLICATIONS NOT REFLECTED PROPERLY GRIST FOR SUBJECT REPORT BUT WHICH I WILL DEVELOP ELSEWHERE.

SECOND, AN EXTREMELY IMPORTANT NEW DEVELOPMENT IS ROBERT GARDINER'S MAY FIRST DEPARTURE. GARDINER HAS BEEN A KEY TO SUCCESSFUL OPERATIONS SINCE HIS TAKEOVER FROM EQUALLY CO-OPERATIVE LINER. WITHOUT HIM PROGRESS IN CONGO JUST WOULD NOT HAVE OCCURRED AND IN ALL PROBABILITY US AND FREE WORLD INTERESTS COULD HAVE BEEN IGNORED WITH UNPLEASANT CONSEQUENCES. Thank you for your letter of January 19 enclosing an inquiry from Miss Wootton of Lafayette, Indiana, concerning allegations of misconduct of United Nations troops in Katanga during late December and early January. The delay in responding is regretted, but investigation of several incidents is still continuing and material on others has only slowly become available.

I am also enclosing a statement by Harlan Cleveland, Assistant Secretary for International Organization Affairs, which includes other material regarding United States and United Nations policy in the Congo.

I would be glad to assist you further if you desire.

As seen from here, believe highly desirable to use leverage of GOC desire to move ANC into South Katanga to obtain at minimum prior GOC agreement on training these troops, if necessary as pilot project for retraining remaining elements of ANC. Intensive training program seems to use best long-term method maintaining discipline and preventing possible friction including possibility of individual incidents and of ANC intervention in tribal disputes. At same time, seems evident that if ANC has any purely military function to perform in South Katanga it is to make unrealistic any future thoughts of repeating secession by means of evident military capacity.

Though fully respect UN motivation in desire have command responsibility over ANC in South Katanga and believe it should be supported as feasible, we do not feel that UN military, which here for short time, has rapid turnover, inadequate language capacity, and is now very thin on ground, can serve as trainers for ANC. Exception would be if SYG prepared ask member countries for complete units for year or more service on combined training and public order mission South Katanga. Failing this ideal solution, of the two points of issue,

Said count of gendarmes who have turned selves in at Elisabethville remained at little over 300 with only handful of gendarmes reporting at Sakania, Jadotville, Kamina. (From one to two thousand remain at Kolwezi).

Ebeya was however confident that once former gendarmerie officers being sent to camps specified in Muke speech are in position, number of returnees should increase. He said returnees would first be registered, then decision made on their future.

In talk today same subject, local UN Commander General Prem Chand expressed confidence that gendarmerie would turn selves in in considerable numbers once real effort to get them to do so was made. For this, he thought it would be necessary for General Muke to visit each of designated areas for few days at time and get word around for men to come in. Prem Chand said UNOC military working out with ANC procedure for registering and subsequent processing and training of former gendarmes but did not yet have details. Said he also satisfied that progress being made in Leopoldville on problem of ANC transfer to South Katanga. Said Ethiopian battalion now at Manono would be transferred to Elisabethville to fill in for Tunisians after their pending departure. Said one

Discussed afternoon February 13 with Davignon situation Kipushi following arrival Ethiopian troops. Davignon stated he understood Belgian apprehensions considerably appeased. Davignon touched upon their fears with Gardiner and had indicated that if Belgian officials had been forewarned of UNOC troop moves, local population could have been prepared and resulting excitement considerably reduced. In conclusion Davignon cited as example volatility his compatriots Katanga that although strike scheduled February 15, he now understood that instead three more shafts would be put into operation that date.

Foregoing was welcome in that at breakfast February 12 with Cleveland, Gardiner excited regarding reports of possible strike at Kipushi stating that Belgian civilians acting most irresponsibly and he would back up to the hilt Force Commanders decision to install Ethiopians Kipushi.

Revised draft instructions.

Consultation with number of Congressional leaders, several friendly governments and further consideration within Executive Branch, lead to following conclusions and instructions which should govern USUN on UN financing issue under consideration in Committee of Twenty-One:

UN Congo and Middle East operations continue to serve national interest of U.S. and our financial support must be continued even in face of opposition by communist bloc members, certain non-communist powers, and financial incapacity or limited sense of responsibility of certain less developed governments. Support for this assistance will be on increase as favorable developments continue in Congo and size and cost of UN Congo forces are reduced.

However, measure of support for our financial assistance for Middle East and Congo operations, particularly in Congressional arena, will also be influenced by extent to which our negotiations successfully

- (a) enable substantial reductions from level of 47-1/2% (assessed and voluntary contributions) to a maximum contribution of less than 40% for U.S.

Urquhart on visit here told us confidentially that he
apprehensive over increase ANC troops prospective in
South Katanga, and is going to support in UNNY General
Prem Chand's view that ANC should be allowed to enter
South Katanga only under UN command.

Re continued presence UN military in Congo, Urquhart said
there is considerable pressure in New York to withdraw
troops forthwith. He thinks such precipitous action would
be most harmful and says would prefer to see whole civilian
side of UN be withdrawn rather than the military.

Urquhart also expressed concern over choice of successor
for Gardiner. Urquhart believes that now UN continues
more than ever need strong, effective personality in
Leopoldville. He confided that he encouraged Gardiner to
suggest Sir Hugh Foote as his replacement and also mentioned
Sir Andrew Cohen, former Governor of Uganda as a well
qualified replacement. However, he admitted that, as English-
men and former colonial governors, even though liberal ones,
neither of these men had much chance of being accepted by the
Afro-Asians. Urquhart made similar remarks to UK Consul but
should be protected as source.

Sherry of UN told us this morning that UN and ANC officers would eventually be sent together with former gendarmerie officers to all the gendarmerie camps listed in General Mokes declaration of 11 February (text in CONTEL 1391). He said patrols would be organized from these camps to bring in men still in the bush and that a final time limit would be made public shortly, after which those former gendarmes not reporting with their arms would lose chance of continued military status in ANC and be considered outlaws. Sherry did not appear to know whether firm plans had already been made for future of former gendarmes; will check with GOC Lieutenant Colonel Ebeya. He confirmed that less than one thousand gendarmes have turned themselves in to date.

Sherry was reluctant give any details on plans for arrival further ANC troops in South Katanga. Stating only that it under negotiation in Leopoldville. He said Ileo's declaration of yesterday (CONTEL 1392) requiring all residents of Elisabethville, Jadotville and Kolwezi to turn in all firearms by 20 February was a necessary first step to sweep through communes for illegal weapons which Ileo has requested (CONTEL 1392).

Sherry said UN would cooperate in the sweep but did not consider it in conformity with UN mission in Congo to actually carry out house to house search aspect, which would have to be done by GOC surete. Will be noted that Ileo decree will

FROM CLEVELAND

Ambassador Gullion and I had 2-hour meeting this evening with Belgian Ambassador De Kerchove, Davignon, Crocco and other members Belgian Embassy. Reviewed briefly our preliminary views on status U Thant plan, acceptance retraining, central importance of an anti-inflation program, and aid coordination, along lines reported to Washington last week. Ambassador indicated that Economic Counselor - AID Director West would be available for further discussions with Belgians here.

On only three issues did Belgians have comments of interest.

1. First concerned our views that most elements U Thant plan has been fulfilled and that we should now move on to broader nation building plan. Belgians demurred, stating that they regarded U Thant plan as shield to guard against reversion to loi fondamentale as legal basis for revanchist acts by GOC against Katanga.

2. On contentieux, Belgians said they hoped procedural matters would be worked out Brussels during forthcoming Adoula visit. I said one impression was GOC might need be furnished some expert legal advice which not only would be able advise and educate GOC representatives but would also act as independent reasonable buffer between GOB and GOC on this highly complicated

1. Yost saw Bunche this p.m. to express our belief that it politically necessary insert a few ANC units in Katanga and that we thought mixed patrols would be satisfactory arrangement. Bunche said that UN would not permit additional ANC units enter South Katanga unless GOC agreed place them under UN command. (SYG also insisted on this principle in discussion with Dean (UK) this a.m.). Once GOC agreed this arrangement, UN would admit up to four or five ANC battalions although these would be phased over long period time at maximum rate one company per week. UN would provide transportation to Katanga of men and equipment and would furnish all logistic support. Reason for UN insistence on command function is unwillingness assume responsibility for actions ANC in Katanga under any other condition.

2. Bunche remarked that Gardiner had been having hard time holding line on this point because of fact that practically everyone else, including Kebede and Ambassadors in Leopoldville, seemed reconciled to necessity early entry ANC under some formula more acceptable to GOC than UN command. Joint patrol concept not satisfactory to UN New York.

FROM CLEVELAND

WHILE HE WAS IN LEVILLE I HAD OPPORTUNITY FOR LONG TALK WITH BRIGADIER GENERAL NORONHA. HE IS LARGE, ATTRACTIVE AND HEARTY, BUT ALSO EXTREMELY PERCEPTIVE WITH RATHER PHILOSOPHICAL TURN OF MIND.

POST-MORTEM ON JADOTVILLE TACTICS ADDED LIFE AND COLOR TO SCHEDULE AND STORY AS WE ALREADY KNOW IT. MESSAGE TELLING NORONHA NOT TO CROSS LUFIRA RIVER, OR TO PULL BACK IF HE HAD CROSSED, ARRIVED WHEN NORONHA HAD TWO COMPANIES ACROSS RIVER AND WAS EXPECTING COUNTER-ATTACK ON BRIDGEHEAD. HE PROTESTED HIS ORDERS ON GROUND DANGER TO HIS TROOPS AND THEY WERE PROMPTLY COUNTER-MANDED. HE SAYS AT NO TIME DID HE HAVE ORDERS PROHIBITING ENTRY INTO JADOTVILLE; INDEED, OCCUPATION OF JADOTVILLE WAS IN GENERAL PLAN FOR ESTABLISHING "FREEDOM OF MOVEMENT" DRAWN UP AND AGREED BY ALL CONCERNED EARLIER IN THE YEAR.

ASKED WHY UN DID SO MUCH BETTER DECEMBER 1962 THAN IN SEPTEMBER AND DECEMBER 1961, NORONHA SAID AFTER ALL UN FORCE HAD A YEAR IN WHICH PREPARE, HAD COLLECTED A GREAT DEAL OF INFORMATION ABOUT WHAT KATANGANS WERE DOING, WHERE THEY WERE STRONG AND WHERE THEY WERE WEAK. APPARENTLY, HE SAID, TSHOMBE REALLY THOUGHT HE HAD SOMETHING, SEEING HOW TOUGH HIS MERCENARIES LOOKED AND WHAT IMPRESSIVE AND COMPLICATED

Elisabethville's 1360

Ileo, in call on Ambassador today, repeated number of points covered in reference telegram. He expressed particular concern over absence of ANC in Jadotville, Kolwezi, etcetera. He said propaganda effective in having population in such outlying areas believe that with departure of Indian troops, secession can be reinstituted by brushing aside whatever small security forces succeed Indians. Ileo believes "psychological shock" must be administered now by prompt arrival of ANC.

He also excited over what he describes as "famine" in Leopoldville and proposes that surplus meat and fish in North and South Katanga be flown here. Ambassador suggested that it would appear more logical and economic to counteract blockade by nearby secessionist-minded Kongo Central authorities (EMBTel 1997) rather than call on US airlift to correct what is local breakdown of normal distribution. Moreover, Embassy has information suggesting meat, fish, and flour are not in abundant supply in Elisabethville.

RAILWAY THROUGH TANGANYIKA HAS INSUFFICIENT ROLLING STOCK TO HANDLE NUMBERS OF TROOPS AND QUANTITIES OF EQUIPMENT WITHIN SHORT PERIOD TIME AVAILABLE UN.

SURFACE ROUTE TO MOMBASA IS LONG AND UNCERTAIN AND AT THIS TIME OF YEAR IS SUBJECT TO FLOODING. TRUCK TRANSPORT NOT AVAILABLE FOR OVERLAND MOVEMENT SINCE MAJORITY INDIAN VEHICLES WILL BE RETAINED BY UN IN CONGO. SURFACE METHODS, IF ACCEPTABLE, WOULD HAVE NECESSITATED, IN ADDITION OTHER DIFFICULTIES, ESTABLISHMENT OF GREATLY EXPANDED TRANSIT CAMPS AT MOMBASA AND/OR DAR-ES-SALAAM.

ONLY SOLUTION OPEN TO UN IS USE COMBINATION AIR AND RAIL TRANSPORT. IT HAS BEEN DETERMINED ROLLING STOCK AVAILABLE TO EAST AFRICAN RAILWAYS WILL PERMIT MOVEMENT ALL HEAVY EQUIPMENT BUT NO MORE. PERSONNEL, PERSONAL BAGGAGE AND ESSENTIAL UNIT STORES WILL REQUIRE AIR MOVEMENT TO MOMBASA.

BASED ON PRESENT PLANNING, UN DOES NOT CONTEMPLATE SEEKING ADDITIONAL AIRCRAFT FOR INDIAN REPATRIATION. UN HAS RECENTLY CHARTERED AN ADDITIONAL DC-6 TO AUGMENT ONUC AIRLIFT CAPABILITY FOR NEXT SEVERAL MONTHS. HOWEVER, SHOULD DISTURBANCE OCCUR WITHIN CONGO DURING COURSE INDIAN REPATRIATION, ONUC DOUBTLESS BE COMPELLED WITHDRAW SOME AIRCRAFT IN ORDER TRANSPORT FORCES TO TROUBLE AREAS. IN SUCH EVENT, UN LIKELY SEEK ADDITIONAL AIRCRAFT FROM USG OR COMMERCIAL SOURCES.

IF C-124'S CANNOT BE UTILIZED FOR PURPOSES DESCRIBED, UN STATES IT WOULD HAVE SEEK ADDITIONAL AIRCRAFT THROUGH COMMERCIAL CHARTER.

UN ACUTELY AWARE COST OF AIRLIFT AND MUCH HIGHER COST COMMERCIAL CHARTER, BUT CONFRONTED WITH LACK OF ADEQUATE AND RELIABLE SURFACE TRANSPORTATION, CONTINUING OPERATIONAL REQUIREMENTS IN CONGO, POLITICAL AND MORAL OBLIGATIONS TO RETURN THESE FORCES IN SPECIFIED TIME TO COUNTRY WHICH HAS FURNISHED ONE-THIRD OF ONUC TROOP STRENGTH AND AT UN ENTREATY HAS PERMITTED FORCES REMAIN CONGO DESPITE STRONG DOMESTIC POLITICAL AND MILITARY PRESSURES TO RETURN FORCES DURING CHICOM HOSTILITIES, UN BELIEVES IT HAS NO CHOICE BUT RESORT TO USE OF AIRLIFT.

UN examining question of reducing ONUC force, including fighter aircraft. Preliminary UN plans indicate Iranian fighters will be released from Congo within next month or two. DEPT would prefer not REPEAT not get involved in UN plans for IAF unit which should remain strictly a UN-GOI affair. Therefore pending final UN decision, Embassy should if possible avoid discussing matter with GOI. If however GOI broaches subject, Embassy might at its discretion prepare GOI by praising IAF role in Congo and noting many forces will be withdrawn soon now that difficult job has been well accomplished. / DEPT hopeful UN will keep GOI informed since abrupt recall of IAF may come as unpleasant surprise to GOI.

Per telecons with Department, we informed Bunche (Secretariat) that in absence of overflight clearances from India and Ethiopia for flight schedule ONUC 423 US aircraft could not depart US in time to meet schedule laid out reference telegram.

Bunche said that on behalf of UN he would give us categoric guarantee that all clearances would be received prior to scheduled departure of aircraft from Manila. He repeated this guarantee and expressly said he could be quoted. He added that he would, if necessary to obtain clearances in time, send Narasimhan, who is now in Indonesia, to New Delhi direct. Bunche was most anxious that Phil Air Contingent be lifted as scheduled.

FOLLOWING POINTS;

(A) NECESSITY OF UN MOVE QUICKLY IN SENDING PATROLS TO DILOLO,
KATANGA AND OTHER KEY AREAS WEST OF KOLWEZI. MY OPINION
THAT HE WAS PERSUADED OF DESIRABILITY HAVING SWEDES ACCOMPLISH

(B) DISCUSSED AT SOME LENGTH NEED FOR ANC EARLY OCCUPATION OF

(D) DISCUSSED STATIONING OF UNOC AND UNOC STRENGTH LEVELS IN FORESEEABLE MONTHS. HE ACCOUNTED FOR 9-1/2 BATTALIONS WHICH HE THOUGHT UN WOULD CONTINUE TO HAVE FOR SOME MONTHS. THEY WERE 4 BNS ETHIOPIANS, 1 REDUCED SWEDE BN, 1 REDUCED IRISH BN (REDUCTIONS WOULD BE PRIMARILY ELIMINATION HEAVY SUPPORT COMPANIES) 1 GHANAIAN BN, 1 NIGERIAN BN AND 1 INDONESIAN BN; AND COMPANY EACH OF SIERRA LEONE AND LIBERIANS.

(E) IN DISCUSSION WITH RIKHYE THIS AM HE INFERRED THAT EKKEDDE'S MIL PLAN WAS GENERALLY IN CONSONANCE WITH EMBASSY POSITION AND RIKHYE ASKED IF I THOUGHT IT ESSENTIAL THAT SOME ELEMENTS OF NIGERIANS ASSIST IN STABILIZING SITN IN KASAI WHICH GEN GENERALLY AGREED WAS EKKEDDE'S VIEWS. WOULD NOT BE DRAWN OUT ON SPECIFICS OF KEBBEDE PLAN BUT INDICATED IN GENERAL ONE BN WOULD BE STATIONED KIVU, THREE IN GENERAL AREA LEOPOLDVILLE-- LULUABOURG AS RESERVE, AND REST OF FORCE IN KATANGA WITH ONE BN IN NORTH KATANGA.

(F) WITH RESPECT TO GREENE PLAN HE MADE IT POSITIVE THAT POSITION WAS ADAMANT IN THAT UN WOULD NOT PUSH CONGO INTO ACCEPTING ANY PLAN, MIL OR OTHERWISE, AND WOULD NOT PROVIDE SO-CALLED UN UMBRELLA FOR VARIOUS NATIONS TO PROVIDE BILATERAL SUPPORT, BUT WOULD PERMIT BILATERAL AGREEMENTS MADE BY THE CONGO WITH ANY OTHER COUNTRY. SPECIFICALLY SO FAR AS IMPLEMENTATION OF GREENE PLAN IS CONCERNED, UNNY HAD ASKED GARDINER CONTACT ADOULA RELATIVE HIS WISHES; THAT GARDINER HAD SENT LIU SEE ADOULA BUT ADOULA UNWILLING DISCUSS DETAILS WITHOUT PRIOR DISCUSSION WITH MOBUTU. BALL NOW RESTS ACCORDING TO RIKHYE IN ADOULA'S COURT. RIKHYE SUGGESTED THERE TWO WAYS IN WHICH UN WOULD PARTICIPATE IN TRAINING OF ANC: (1) UPON RECEIPT OUTRIGHT REQUEST FROM ADOULA TO EFFECT THAT UN PROVIDE OWN ASSISTANCE. THIS UN WOULD DO WITH FORCES PRESENTLY IN CONGO. (COMMENT: HAVE NO REASON BELIEVE THAT EITHER MOBUTU OR ADOULA COULD SWALLOW SUCH A PILL). Dear General Barton:

The United Nations has requested in ONUC 417 amendment C that the United States provide ten generators for AN/QRG 87 radios equipped with dynamotors (DY 88). While the attached ONUC requisition form specifically requests generators of Canadian manufacture, I have been informed that Col. Nelson (USUN) and Col. Farmer (DCS/LOG HQ DA) have determined suitable substitute generators.

Therefore the Department of State endorses ONUC 417 amendment C request for ten generators.

Sincerely,

Joseph J. Sisco

DEPTEL 1237 to Leopoldville; Leopoldville telegram 1999 to Department

We consider that desirable level UN forces Katanga after withdrawal Indians would be 6 battalions, with battalion headquarters located Albertville, Baudouinville, Kamina, Kolwezi, Jadotville and Elisabethville and companies stationed surrounding areas. Forces on scene are more reassuring and effective in heading off difficulties than best of centralized mobile reserves under current circumstances here. As this estimate likely exceed UN capacities, suggest minimum might be as follows: Elisabethville, 1 battalion. Sakania, Kipushi, Dilolo, Sandoa, Pweto 1 company each. Jadotville, Kolwezi, Kamina, Kongolo, Albertville, Baudouinville, about 2 companies each for total of 4-5 battalions depending on organization of UN units.

Consider preliminary pattern ANC staffing suggested Leopoldville telegram 1999 excellent. Optimum would be for training further ANC units to take place outside South Katanga at Kitona or Kamina but alternative possible with use Karavia barracks outside Elisabethville, Wading Wishi outside Jadotville and Zilo outside Kolwezi for battalion ANC each. Highly desirable in this case that future trainers be on hand prior arrival these units. Might be reasonable have about same number ANC forces in North Katanga with military district headquarters and reserve at Kamina base. Would note that one Ethiopian battalion commander has told us that his unit expects leave Congo in May.

DEPTEL 378; Elisabethville 2; USUN 103.

I told Foreign Minister this morning USG understands concern GOP re control UN arms and had raised matter at UN headquarters.

I suggested GOP approach UN with view to obtaining direct assurances regarding UN intentions. Nogueira obviously appreciative and said Portugal UN delegate would now be instructed to discuss matter with U Thant with view to obtaining assurances in writing, if possible. Since no disclosure of UN intentions was made (and Nogueira said Portugal would now approach UN directly) it was not considered necessary to caution him re possible public reference to UN attitude.

I referred his conversation with me January 25th (EMBTel 526) and stated according information beaching USGOVT there were no Indian troops Dilolo. He said since our conversation he had learned Indian troops which were proceeding direction Dilolo had withdrawn. (This of course differs somewhat from his original story). He added GOP reassured by report Indian troops would soon be withdrawing permanently from Congo.

Embassy understands desirability avoiding unnecessary publicity our efforts vis-a-vis UN which might be exploited by Portugal as unduly solicitous Portugal's Colonial position Africa. On other hand, as UN resolutions growing largely out of AFA, pressure has compelled US exercise careful and restrictive controls over arms shipments to NATO ally Portugal to prevent employment Angola, does not some corresponding responsibility exist for UN

with Cleveland on his return. In meantime he could not permit Kebede, possibly also Gardiner, to reflect views which clashed with official UN policy.

3. Bunche insisted this is very special case and in no way pattern for future but steadfastly refused reveal intentions until after consultations with UNOC. In general Bunche indicated UN HQ has drawn up schedule for reductions at three-month intervals spanning next 12 months. Reductions which he repeatedly described as drastic are dictated primarily by financial considerations but rest on confidence that redistribution of reduced forces can maintain secure positions. Following are new elements pertinent to reduction. Malaya has informed SYG it must withdraw its BN (Bunche commented no sign yet of Indonesian withdrawal). UN has rejected Indonesian offer of Third BN. When Swedish group rotates in April it will be reduced by one-third (Bunche noted Swedish contingent is most expensive to UN). UNOC air force will be reduced by one-half.

4. As UNOC forces are reduced remaining elements will be reorganized with build-up in Katanga beyond present levels. Yost mentioned Dean's concern about growing signs of tribal unrest in areas where UNOC law and order capability is low. Although convinced Katanga will in long run split on tribal lines, Bunche was confident situation could be controlled with forces they have in mind.

5. Yost raised need for early inventory and control over weapons, per Department telegram 1997. Bunche replied along lines Rikhye's earlier comments, our telegram 2933, noting that UNOC carefully checks weapons leaving with departing units against lists of those with which they arrived. No more difficult problem of hidden weapons in Katanga he said plans now completed for search system which will start any day. This will involve cordoning off UNOC and ANC forces of local areas in which search will then be conducted by local police.

6. Bunche foresees extremely difficult time ahead in terms
of relations

of relations between UNOC and Adoula. Thus far Adoula refused be distracted from movement of ANC BNs to Katanga. Gardiner was beginning to wilt under pressure and has recently been sent stiff instructions involving what Bunche likened to blackmail. Gardiner is to make clear to Adoula that UN may withdraw all support from ANC if he persists in his attempts to insert ANC in Katanga. UNOC will continue to insist on careful review of specific ANC BNs proposed by Adoula to determine their discipline and reliability. Bunche noted UNOC must supply transportation, logistics, and protection for any ANC units in Katanga and under no circumstances can they allow entry of ANC units not under UNOC command. He stressed UNOC cannot again afford fights with ANC units which were either out of control or operating under conflicting instructions.

7. According to Bunche a reports from SYG to SC on status of UN fulfillment its mandate is presently in mill and will be distributed tomorrow. In oblique fashion this report will reflect pressure currently being applied on Adoula by noting that UNOC activities might be curtailed under certain UN specified circumstances.

8. Secondary tasks given Urquhart and Rikhye include improving reporting procedures so as to avoid further communications breakdown between UNOC and UN HQ, and other internal matters. They are to stay one week and are under same instructions forbidding any outside discussion re reduction of forces.

9. As a reflection on lack of political judgment by UNOC military element, Bunche noted he had just countermanded orders by which Indian forces were to be moved to Dilolo, near Angola. He implied Swedish and Irish forces would be sent instead so as to avoid any incidents.

stationing plan. These messages remain Embassy's best
estimate.

ARMA told by UN (protect source) that Kehbede sent mes-
sage Saturday for patrols to visit Lubudi, Kasenga, Mitwaba,
Bukama, Kapanga, Dilolo to establish ONUC registration
points for reintegration. (Comment: Text of ONUC re-

Embassy believe short term stationing plan for ANC troops

ACTION DEPARTMENT 1349, INFORMATION LEOPOLDVILLE PRIORITY 1345, BRUSSELS 957, USUN 1010.

Several changes in UN garrisons South Katanga scheduled take place this week. Return of Indian battalions to Elisabethville will begin at end of week. They will make preparations for final departure Dar-es-Salaam, now scheduled for 18 and 21 March. Irish battalion will move from Kipushi to Jadotville and Kolwezi. Ethiopians will move to Kipushi. Tunisians scheduled leave within month, Irish by end April.

Irish battalion will be sorted very thin. One company will be at Jadotville, one at Mwadingwishi and two in Kolwezi and surroundings. We consider this number too few for public order problems with which Irish may be faced as tribal tensions now building up among urban workers South Katanga, especially in Jadotville, and there still large number armed gendarmerie unaccounted for in public order sense. Under Premier Chand originally recommended battalion each in Jadotville and Kolwezi but was overruled by ONUC command which established garrisoning pattern above. Possible ONUC command had in mind ANC locations Leopoldville telegram to Department as backup for Irish but if so, believe Irish decidedly too few to deal with normal public order and training or other Missions concerned with ANC. Recognize that ONUC command has grave problems as regards military personnel.
